SUMMARY

Business Administration graduate studying programming, with entrepreneurial experience managing all aspects of my own business, from operations and finances to HR and marketing. Bilingual and eager to apply my business and tech knowledge in an IT internship to continue growing my career.

EDUCATION

Bachelor's degree in international business administration

2014 - 2020

Universidad del Rosario, Bogotá, Colombia

AEC in Information Technology Programmer-Analyst

2023 - present

LaSalle College Montréal, Montréal, Qc, Canada

Business Administration and Economics

2018

(Bachelor's Exchange Program)

Universität Passau, Passau, Germany

WORK EXPERIENCE

Owner/General manager

2020 – 2023

Access ID S.A.S.

Bogotá D.C. (Colombia)

- Built the firm from scratch and participated in all aspects of the company.
- Developed and managed detailed project plans that include scope, cost, schedule, and quality.
- Deployed systems for managing projects, workflows and operations.

Commercial Manager

2021 – 2022

INSUPAN S.A.S.

Bogotá D.C. (Colombia)

- Price management, customer credit control and sales process support.
- Led the implementation of a digital sales system, automating pricing and credit control, resulting in a significant reduction in errors and staff required in the invoice department.

Equity Research Intern

2019

Credicorp Capital Colombia

Bogotá D.C. (Colombia)

- Supported equity analysts with database and file management, ensuring accuracy in data handling.
- Assisted in report generation, updating tools and systems to optimize the analysis process.

Invoices Assistant

2015 – 2017

INSUPAN S.A.S.

Bogotá D.C. (Colombia)

- Processed and logged invoices.
- Standardized product listings and codes to improve efficiency in invoice processing and tracking.
